Dear Rob Beatty:

I am writing this letter to recommend Jobear Contracting, Inc. as I had the pleasure of working directly with your TEAM onsite at our Panda Express #2589 project located in West Melbourne, FL. Our company was forced to relieve the previous Site contractor due to their unwillingness or inability to complete their contracted work. Your company as a whole from the Laborers to the Supervisors has tremendous abilities which never ceased to amaze me.

Jobear's adaptability from storm sewer pipe, precast structures, subgrade, base and asphalt, ALL had ability to know what was next which made our lives easier especially with the project coming to a close. As a customer, I immediately felt comfortable with the company. Your flexibility also allows the company to quickly switch tactics if an issue was encountered at the last minute. Jobear's relentless perseverance always made our Superintendent, Steve Stadler, happy where he could focus on the other trades

Also, Jobear was able to work effectively with other trades, making a great addition to the Candito force. With your company's abilities, adaptability, and dedication, Jobear will make a great Site contractor for any General Contractor. I have no doubts that anyone would be exceptionally pleased if they had your company on their team.

If you have any questions, please feel free to contact me at the above address.

Yours truly,

James R. Lilly
